## ABOUT US

Established in 2004, by Mrs. Smita Kale Mr. Shrikant Kale, Innoveda International General Trading focuses on B2B distribution in the UAE for a wide range of chemicals with a focus on Industrial & Cleaning, Oil fields & Water treatment, Painting, Food Industry, Mining & Construction, Power plant & Ceramic Over a decade of reliable service to our clients.

Innoveda International General Trading has grown steadily to become one of the most reputable names in the UAE's vast Chemicals distribution sector today. We represent in the UAE some of the leading brands from around the globe.

In the midst of stiff competition, Innoveda International General Trading stands out with our marketing strength, efficient distribution system, wide product range, and quality brands. Operating from our headquarter in Dubai, we can cater to the ever-growing demand for our products in the UAE.

## QUALITY ASSURANCE

We pay paramount emphasis on the quality of the products. Our quality control analysts monitor the entire production process. They inspect each product. We have a rich vendor base that allows catering to bulk orders.
